Art Unit 1201

Applicant's election of group I in Paper No. 8 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP 818.03(a)).

Claims 20-24 are rejected under 35 U.S.C. 112, first and second paragraphs, as the claimed invention is not described in such full, clear, concise and exact terms as to enable any person skilled in the art to make and use the same, and/or for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are so all inclusive as to be nonenabled. The amount of applicants compound which must be present is undefined. As a result, the claims read on all known diuretics, anti-inflammatories, calcium antagonists and tranquilizers.

Applicants are queried as to the presence of the proviso clause in claim 1.

Claims 1-9 and 19 are allowable.

It is suggested that in order to advance prosecution, the nonelected invention be cancelled when responding to this office action.
